### Tasting Notes

The 2021 vintage of Rockpile Ridge Cabernet Sauvignon is bold, fierce, and born to be the center of attention. Located high above the Dry Creek Valley floor and overlooking Lake Sonoma, the sweeping views and volcanic, rocky soils produce a mountain Cabernet that is intense, powerful and broody. The grape clusters are small and packed with delicious, concentrated flavors making it a perfect representation of Cabernet Sauvignon grown at extreme elevations. Displaying a deep ruby-purple color, this powerhouse Cabernet embodies notes of dried herbs, ripe red and black fruits, baker's chocolate and a kiss of vanilla. Energetic and full of life, this wine is meant to be cellared, collected, and enjoyed in years to come.
