Tasting Notes

Planted in 1968 by renowned Oregon Vintner Dick Erath, the Chardonnay fruit we receive from Chehalem Mountain Vineyard produces a beautiful and balanced expression of this varietal and wonderfully showcases its esteemed and historic vineyard site. After our Winemaker, Jesse Katz, visited 10 vineyard sites and 40 different blocks throughout the Willamette Valley, Chehalem Mountain Vineyard was an absolute standout for our Chardonnay program. The 2022 vintage exudes stunning aromatics of Fuji apple, citrus blossom, and stone fruit. Its liveliness and bright acidity are complemented by layers of minerality and a lush, lingering finish and texture. This wine is a refined expression of new world winemaking with old world sensibilities. It will age gracefully in your cellar, or can be enjoyed now. It is the perfect addition to any holiday table!
